QASource CEO Featured in The Technology Headlines 2017 List of '50 Most Successful Indian Entrepreneurs in the U.S.'
Rajeev Rai's Silicon Valley-Based Software Testing Company Is An Industry Leader

PLEASANTON, California, July 20, 2017 - Rajeev Rai, CEO of QASource, one of the world's leading software QA services providers, was featured in today's issue of _The Technology Headlines'_ annual list of the 50 most successful Indian entrepreneurs in the U.S.

The listing includes a profile of Rai, who founded QASource in 2002. In it, Rai discusses QASource and its ability to bring change within the enterprise. He also talks about his management style and decision making and how they have influenced how he addresses challenges in founding and running companies.

"It's an honor to be included in this list of highly regarded individuals," Rai said. "It is another acknowledgement of how QASource is leading the way in meeting the quality challenges that confront software product and service companies every day, as new technologies and new risks emerge."

Rai has more than 20 years' of experience in software QA, and is widely regarded as an expert in building, managing, and retaining high-performing engineering teams. Prior to founding market leader QASource, he led initiatives at Apple, Informix and Macromedia/Adobe, and has founded and sold other successful companies.

The Technology Headlines is a knowledge platform for industry leaders and professionals to share their experiences, ideas and advice within the enterprise IT community.

About QASource

Headquartered in Pleasanton, California, with an office in Chandigarh, India, QASource is one of the world's leading software QA providers. Since its foundation in 2002, QASource has grown to become an international organization with thousands of professionals servicing a variety of clients ranging from VC-funded startups to Fortune 500 companies. QASource has demonstrated a growth rate of 20% to 50% annually, and is a market leader in test automation services.
